

MassSupport Network: *When times are tough, it's OK to ask for help.*

MassSupport Network is state and FEMA funded crisis counseling program offering education and referrals related to self-care, stress management and coping skills, to those affected by the June 1, 2011 tornadoes. We are checking in to see how YOU are doing and we would love to hear your story. Our services will be available to those in Worcester and Hampden Counties through July 31, 2012.

If you would like support, please contact us and we can make an appointment to come to your home. In addition to our door to door outreach, we will be offering community support groups and educational presentations in your community. If you have an interest in attending, please let us know.

MassSupport Network can be reached (toll free) at: 855-915-8047 or tleader@riversidecc.org
