

The Visioning Wilbraham Task Force met in the Selectman's Room on May 28, 2013. Meeting began at 7:12 PM

Present: Chuck Phillips, Carol Albano, Tracey Plantier, Karen Wilson, Edna Colcord and, by speaker phone, Susan Burk

Minutes of May 23, 2013 were accepted. Motion made by Tracey and seconded by Karen.

Chuck announced that the meeting with the Steering Committee was moved to June 4, 2013.

Karen shared with the task force a presentation to be made to the Boston Road Business Association in June. Discussion followed.

Edna shared the Land Use Presentation and discussion followed. Concern was voiced that efforts to follow a common outline has proved to be difficult for writers of the Chapters.

Tracey moved and Karen seconded a motion that the "Everyone Can Make A Difference" statement be the last page of each chapter report. Motion approved.

Karen, Stephen and Susan are working on "Core Findings". In discussion, Susan expressed the need for the voices of all the participants in the Survey, even those who held minority opinions, to be heard.

It is possible to convert the Excell Spread Sheets that hold all Survey Response to text, so that they can be more easily read.

Karen made a motion seconded by Tracey stating that in the Introduction of the Final Report a slide will say that "the Report expresses the Majority Opinions. There are minority opinions or alternative viewpoints that can be found in the Appendix". Motion approved unanimously.

Planning ahead: We will meet with the Selectman and Planning Board in June. We are planning a public meetings in September. One afternoon and one evening meeting.

Tracey moved and Edna seconded that we adjourn at 9:47. Motion approved. Minutes submitted by Carol
