(ATM, 5/14/07, Art. 35)

SECTION 103  FINES FOR VIOLATIONS (Amended, ATM, 5/15/17, Art. 55)

Whoever violates any of the provisions of these By-Laws shall be punished by a fine of twenty dollars ($20), unless otherwise provided by the Mass. Gen. Laws or these By-Laws.

SECTION 103 A  NON-CRIMINAL DISPOSITION OF VIOLATIONS OF ANY BY-LAW (Amended, STM, 8/28/91, Art. 3)

Pursuant to the provisions of Mass. Gen. Laws, Chapter 40, Section 21D, the Town hereby adopts the following procedure for the non-criminal disposition of violations of any By-Law adopted by the Town or any rules or regulation of any board, commission or department
which contains therein a specific financial penalty. A copy of any such schedule of financial penalties to which this By-Law applies shall be retained on file with the Town Clerk.

The Board of Selectmen shall file with the Town Clerk a list of the Town's enforcing persons who shall be entitled to issue tickets under this By-Law. Any person taking cognizance of a violation of a specific ordinance, By-Law, rule or regulation which he is empowered to enforce, hereinafter referred to as the enforcing person, as an alternative to initiating criminal proceedings may give to the offender, a written notice to appear before the clerk of the Palmer District Court at any time during office hours, not later than twenty-one days after the date of such notice. Such notice shall be in triplicate and shall contain the name and address, if known, of the offender, the specific offense charged, and the time and place for his required appearance. Such notice shall be signed by the enforcing person, and shall be signed by the offender whenever practicable in acknowledgment that such notice has been received.

The enforcing person shall, if possible, deliver to the offender a copy of said notice at the time and place of the violation. If it is not possible to deliver a copy of said notice to the offender at the time and place of the violation, said copy shall be mailed or delivered by the enforcing person, or by his commanding officer or the head of his department or by any person authorized by such commanding officer, department or head to the offender's last known address, within fifteen days after said violation. Such notice as so mailed shall be deemed a sufficient notice, and a certificate of the person so mailing such notice that it has been mailed in accordance with this section shall be prima facie evidence thereof.

At or before the completion of each tour of duty, or at the beginning of the first subsequent tour of duty, the enforcing person shall give to his commanding officer or department head those copies of each notice of such violation he has taken cognizance of during such tour which have not already been delivered or mailed by him as aforesaid. Said commanding officer or department head shall retain and safely preserve one copy and shall, at a time not later than the next court day after such delivery or mailing, deliver the other copy to the clerk of the court before which the offender has been notified to appear. The clerk of court shall maintain separate docket of such notices to appear.

Any person notified to appear before the clerk of a district court as hereinbefore provided may so appear and confess the offense charged, either personally or through a duly authorized agent or by mailing to the Town Clerk together with the notice such sum of money not exceeding three hundred dollars as the Town shall fix as penalty for violation of the ordinance, By-Law, rule or regulation. Such payment shall if mailed be made only by postal note, money order or check. Upon receipt of such notice, Town Clerk shall forthwith notify the district court clerk of such payment and the receipt by the district court clerk of such notification shall operate as a final disposition of the case. An appearance under this paragraph shall not be deemed to be a criminal proceeding. No person so notified to appear before the clerk of district court shall be required to report to any probation officer, and no record of the case shall be entered in any probation records.

If any person so notified to appear desires to contest the violation alleged in the notice to appear and also to avail himself of the procedure established pursuant to this section, he may, within twenty-one days after the date of the notice, request a hearing in writing. Such hearing
shall be held before a district court judge, clerk, or assistant clerk, as the court shall direct, and if the judge, clerk, or assistant clerk shall, after hearing, find that the violation occurred and that it was committed by the person so notified to appear, the person so notified shall be permitted to dispose of the case by paying the specific sum of money fixed as a penalty as aforesaid, or such lesser amount as the judge, clerk or assistant clerk shall order, which payment shall operate as a final disposition of the case. If the judge, clerk, or assistant clerk shall, after hearing, find that violation alleged did not occur or was not committed by the person notified to appear, that finding shall be entered in the docket, which shall operate as a final disposition of the case. Proceedings held pursuant to this paragraph shall not be deemed to be criminal proceedings. No person disposing of a case by payments of such a penalty shall be required to report to any probation office as a result of such violation, nor shall any record of the case be entered in the probation records.

If any person so notified to appear before the clerk of a district court fails to pay the fine provided hereunder within the time specified or, having appeared, does not confess the offense before the clerk or pay the sum of money fixed as a penalty after a hearing and finding as provided in the preceding paragraph, the clerk shall notify the enforcing person who issued the original notice, who shall determine whether to apply for the issuance of a complaint for the violation of the appropriate ordinance, By-Law, rule or regulation.

The enforcing person may upon the commission of a first offense, inform the offender in writing that a violation has occurred and that if the violation recurs or is not rectified within a specific period of time, such financial penalty shall be imposed.

Each such day that a violation continues shall constitute a separate offense. The violation of any By-Law or regulation enforced under the provisions of this By-Law shall not exceed the sum of $300 per diem as specified in Mass. Gen. Laws, Chapter 40, Section 21D or as specified in amendments of the said Statute from time to time. If no specific fine has been designated by the By-Law section or rule or regulation to which the violation relates, the fine shall be the higher of $20 per diem or the minimum fine specified by the most recent amendment of Mass. Gen. Laws, Chapter 40, Section 21D. (Amended, ATM, 4/30/88, Art. 22) (Amended, STM, 8/28/91, Art. 3)

SECTION 104 FINES TO BE PAID TO TOWN

All fines and penalties for the violation of any By-Law shall be paid into the Town treasury.

SECTION 105 FEES

A copy of all fees subject to Town Meeting approval shall be kept on file with the Town Clerk. The schedule of fees shall be posted in a conspicuous place in the office of the Town Clerk. Mass. Gen. Laws, Chapter 40, Section 34.

SECTION 106 FEES TO REVERT TO TOWN

Whenever any Town official or committee is entitled to collect any fees, said fees shall
revert to the Town treasury unless otherwise provided by statute or this By-Law.

SECTION 107 APPointments TO FILL VACANCIES

Any appointment to fill any vacancy in any appointed position shall be made for the balance of said term unless otherwise provided by state law or this By-Law. Any appointment to fill any vacancy in any elected position shall be made for the period expiring with the next Town election at which time said position shall be filled by election for the balance of said term unless otherwise provided by state law or this By-Law.

SECTION 108 ADOPTION OF CHANGES BY MAJORITY VOTE

New By-Laws may be adopted and amendments to existing By-Laws may be adopted by majority vote of the Town meeting unless any provision of these By-Laws or of any state statute requires a different plurality.

SECTION 109 AMBULANCE FEES & OPERATIONS (ATM, 4/25/92, Art. 12)

In accordance with Mass. Gen. Laws, Chapter 40, Section 5 (21A), the Town authorizes the establishment of fees for utilization of a Town-operated emergency ambulance service. The ambulance service shall be operated by the Fire Department. Said fees shall be in accordance with those fees set by insurance standards and Medicare. An abatement procedure shall be established for residents who are uninsurable or unable to pay said fee.

SECTION 110 GRANT OR RENEWAL OF LICENSES AS AFFECTED BY NON PAYMENT OF LOCAL TAXES, FEES, ETC. (ATM, 06/12/93, Art. 19) (ATM, 05/16/05, Art. 32)

In accordance with Mass. Gen. Laws, Chapter 40, Section 57, the Board of Selectmen, hereinafter referred to as the Board, may revoke or suspend any local license or permit including renewals and transfers issued by the Board for any person, corporation or business enterprise who has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges, provided that:

a.) The Tax Collector shall annually furnish to the Board a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges for not less than a twelve month period, and that has not filed in good faith a pending application for an abatement of such tax or a pending petition before the appellate tax board.

b.) The Board may deny, revoke or suspend any license or permit, including renewals and transfers of any party whose name appears on said list furnished to the Board from the Tax Collector; or any license or permit including renewals and transfers with respect to any activity, event or other matter which is the subject of such license or permit and which activity, event or other matter is carried out or exercised or is to be carried out or exercised on or about real estate whose owner has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges; provided however that written notice is given to the party and the Tax Collector as required by applicable provisions of the law, and the party is given a hearing, to
be held not earlier than fourteen days after said notice. Said list shall be prima facie evidence for denial, revocation or suspension of said license or permit to any party. The Tax Collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation or suspension. Any findings made by the Board with respect to such license denial, revocation or suspension shall be made only for the purposes of such proceeding and shall not be relevant to or introduced in any other proceeding at law, except for any appeal from such license denial, revocation or suspension. Any license or permit denied, suspended or revoked under this section shall not be reissued or renewed until the Board receives a certificate issued by the Tax Collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments or other municipal charges, payable to the municipality as the date of issuance of said certificate.

c.) Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the Board to issue a certificate indicating said limitations to the license or permit and the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Failure to comply with said agreement shall be grounds for the suspension or revocation of said license or permit; provided, however, that the holder be given notice and a hearing as required by applicable provisions of law.

d.) The Board may waive such denial, suspension or revocation if it finds there is no direct or indirect business interest by the property owner, its officers or stockholders, if any, or members of his immediate family, as defined in Mass. Gen. Laws, Chapter 268A, Section 1 in the business or activity conducted in or on said property.

SECTION 111  ESTABLISHMENT OF DUE DATES FOR PAYMENT OF SEWER CHARGES AND RATE OF INTEREST FOR UNPAID CHARGES
(Amended, ATM, 05/01/95, Art. 31)

Property owners who do not pay sewer charges within 30 days from the date the bill is mailed shall be assessed a late penalty fee of twenty-five dollars ($25) and an interest charge of fourteen percent (14%) per annum computed from the date the bill is mailed.

SECTION 631 PRIVATE WAYS
(ATM, 5/14/07, Art. 28) (Amended, ATM, 5/13/19, Art. 47)

1.01 The Town may, subject to appropriation therefore in advance at the previous annual Town meeting, make temporary repairs to a private way on which there is more than one owner abutting the private way, subject to limitations expressed in the following sections of this By-Law, which shall not constitute a rebuilding of the road by replacing the gravel base, binder course and top coat, but which would be limited to patching degraded portions of the asphalt or regrading gravel roads or minimal snow plowing to allow for emergency access by public emergency vehicles and practical access to accommodate public necessity. See Section 1.03 below.

1.02 Drainage improvements shall not be made at the time of the making of such temporary repairs unless necessary to provide access by emergency vehicles to more than one home abutting the private way and then only to the extent to which the temporary repairs are necessary to provide such emergency access by public emergency vehicles and practical access to accommodate public necessity.

1.03 Temporary repairs will not be made unless there is a public necessity for the repairs, and not merely an inconvenience to a property owner on a private way who is either the sole owner abutting the private way or an owner of property adjacent to the private way at the end of the private way, but not abutting the private way. The private ways eligible for temporary repairs under this By-Law shall have been in existence prior to August 9, 1946 when the subdivision control law became effective in Wilbraham or shall have been constructed (or in the process of construction) in accordance with a plan approved and endorsed under the subdivision control law. The term "public necessity" shall mean a need by public emergency vehicles including fire, police, and ambulance; or Town snow removal vehicles, school buses, and other vehicles customarily used by delivery services and utility and home appliance service vehicles to access the homes abutting the private way.

1.04 In order for the Town to make temporary repairs on a private way, in addition to the rest of the requirements set forth herein, there must first be a petition for such temporary repairs presented in writing to the Town and signed by 51% of the owners abutting the private way.
1.05 Neither betterment assessments nor any other fee shall be assessed to owners abutting the private way when temporary repairs are made. However, notwithstanding the petition of 51% of the owners abutting the private way, said owners shall pay to the Town a sum of money equal to the amount estimated by the Director of Public Works to be the cost of materials to be used in the temporary repairs including, but not limited to, oil, stone, bituminous asphalt and pipes, said sum of money to be apportioned among said owners as they deem appropriate.

1.06 Notwithstanding the petition of 51% of the owners abutting a private way, the Town shall not make temporary repairs unless those owners who have title to and abut the private way itself shall first execute a document presented by the Town which establishes a one hundred ($100.00) dollar limit of liability for the Town on account of damages caused by or during such repairs to that private way.

1.07 The Town may also offer the owners abutting the private way the opportunity to hire the Town’s paving contractor if and when the Town’s paving contractor is performing other work for the Town in the vicinity of the particular private way(s), when such an opportunity would represent the likelihood of a substantial savings to the owners abutting the private way in an instance where more extensive repairs or a complete reconstruction of the road is preferred by the owners abutting the private way. Nothing herein shall be construed to impose a requirement that the Town take any such action or create or offer such an opportunity to the owners abutting the private way.

1.08 Notwithstanding anything in the foregoing to the contrary, no temporary repairs or other repairs or services, including but not limited to snowplowing as referenced in Section 1.01 above, shall be construed to constitute the acceptance by the Town of a private way as a public way or to otherwise convert a private way to a public way.

SECTION 632 UNREGISTERED OR INOPERABLE MOTOR VEHICLES
(ATM, 5/14/07, Art. 35)

1. No person in charge or control of any property within the Town, whether as owner, tenant, occupant, lessee or otherwise, shall allow any motor vehicle or trailer which is partially dismantled, wrecked, junked, inoperable or unregistered to be stored, parked or otherwise placed on such property for more than thirty (30) days during any one year period except that this Section shall not apply to:

A. A motor vehicle stored or parked within a lawfully permitted and totally enclosed building with sidewalls and roof;

B. An un-garaged motor vehicle stored or parked in a location out of sight from abutting properties and public ways, except that the open air storage of more than two (2) unregistered or inoperable vehicles is prohibited on any lot where the principal use of such lot is residential in nature. For purposes of this section all contiguous parcels of land in common ownership shall be considered one lot.

C. A motor vehicle on the premises of a legally established business enterprise operated in a lawful place and manner when necessary to the operation of such business enterprise including, but not limited to, motor vehicles sales, motor vehicle towing operations and motor vehicle repair shops;
D. Motor vehicles which are used for bona-fide agricultural purposes; and
E. A motor vehicle stored or parked in an appropriate storage place or depository maintained in a lawful place and manner with the consent of the Town.

2. Any person who continues to violate any provision of this Section 631 of the Town By-Laws after seven (7) days following receipt of written notice of such violation from the Zoning Enforcement Officer shall be liable for a penalty not exceeding one hundred dollars ($100) for each offense. Each day that any violation continues after said seven (7) day period shall constitute a separate offense. Any violation that is corrected and then recurs within one year following the written notice of the original violation shall be considered a repeat violation subject to an immediate penalty not exceeding two hundred dollars ($200) for each offense and each day that the repeat violation continues shall constitute a separate offense.

3. The violation of any provision of this section may be addressed by the procedure for non-criminal disposition as provided in Mass. Gen. Laws, Chapter 40 Section 21D, as incorporated in Section 103A of the By-laws of the Town.

SECTION C. APPLICABILITY

1. Prior to the issuance of any Special Permit, Site Plan Approval, Building Permit for any proposed development listed below, a Local Stormwater Management Permit, must be approved by the Wilbraham DPW. No person shall, on or after the effective date of the By-Law, initiate any vegetation clearing, land grading, earth moving or development activities without first complying with this By-Law. The following uses and activities shall be regulated under this By-Law:

   a. Minor Projects: any proposed development disturbing an area of less than 43,560 square feet (1 Acre)
b. Major Projects:

(1) Subdivisions and construction activities of any kind disturbing an area equal to or greater than 43,560 square feet (1 Acre); and

(2) Development or redevelopment involving multiple separate activities in discontinuous locations or on different schedules if the activities are part of a larger common plan of development that all together disturbs an area equal to or greater than 43,560 square feet (1 Acre).

SECTION D. EXEMPTIONS

1. To prevent the adverse impacts of stormwater runoff, the Wilbraham DPW has adopted the MA DEP Stormwater Management Policy as the set of performance standards that must be met at new development sites. These standards apply to construction activities as described under Section C. The following activities are exempt from these stormwater performance standards:

a. Any agricultural activity which is consistent with an approved soil conservation plan prepared or approved by the NRCS;
b. Any logging which is consistent with a timber management plan already approved under the Forest Cutting Practices Act by the Massachusetts Department of Conservation and Recreation;
c. Additions or modifications to existing single family structures where there is no proposed change in impervious area;
d. Any emergency activity that is immediately necessary for the protection of life, property or the environment, as determined by the Wilbraham DPW; and
e. Work undertaken by the Wilbraham DPW.

SECTION E. PERMIT PROCEDURES AND REQUIREMENTS

1. Approval of Local Stormwater Management Permit Required

No landowner shall receive a building, grading, or other land development permits required, or commence land disturbance activities, without approval of the Local Stormwater Management Permit and meeting the requirements of this By-Law. Approval by the Wilbraham DPW under this By-Law does not exempt the applicant from meeting the requirements of the federal National Pollutant Discharge Elimination System (NPDES) program, which requires a Notice of Intent be filed with the EPA and a Stormwater Pollution Prevention Plan (SWPPP) be prepared and maintained on site nor does it supersede compliance with the requirements of the Wilbraham Conservation Commission and the Massachusetts Department of Environmental Protection.

SECTION F. STORMWATER MANAGEMENT PERFORMANCE STANDARDS

In addition to other criteria used by the Wilbraham DPW in making permit decisions, for the uses specified in this By-Law, the Wilbraham DPW must also find that the Stormwater Pollution Prevention Plan submitted with the permit application meets the following criteria:
1. Minimum Control Standards

Projects must meet the Standards of the Massachusetts Stormwater Management Policy as updated or amended. These Standards are:

a. No new stormwater conveyances (e.g. outfalls) may discharge untreated stormwater directly to or cause erosion in wetlands or water of the Commonwealth.

b. Stormwater management systems must be designed so that post-development peak discharge rates do not exceed pre-development peak discharge rates.

c. Loss of annual recharge to groundwater should be minimized through the use of infiltration measures to the maximum extent practicable. The annual recharge from the post-development site should approximate the annual recharge rate from the pre-development or existing site conditions, based on soil types.

d. For new development, stormwater management systems must be designed to remove 80% of the average annual load (post-development conditions) of Total Suspended Solids (TSS). It is presumed that this standard is met when:
   (1) suitable nonstructural practices for source control and pollution prevention are implemented;
   (2) stormwater management BMPs are sized to capture the prescribed runoff volume; and
   (3) stormwater management BMPs are maintained as designed.

e. Stormwater discharges from areas with higher potential pollutant loads require the use of specific stormwater management BMPs (Stormwater Management Volume I: Stormwater Policy Handbook, as updated or amended). The use of infiltration practices without pretreatment is prohibited.

f. Stormwater discharges to critical areas must utilize certain stormwater management BMPs approved for critical areas (Stormwater Management Volume I: Stormwater Policy Handbook, as updated or amended). Critical areas are Outstanding Resource Waters (ORWs), shellfish beds, swimming beaches, cold water fisheries and recharge areas for public water supplies.

g. Redevelopment of previously developed sites must meet the Stormwater Management Standards to the maximum extent practicable. However, if it is not practicable to meet all the Standards, new (retrofitted or expanded) stormwater management systems must be designed to improve existing conditions.

h. Erosion and sediment controls must be implemented to prevent impacts during disturbance and construction activities.

i. All stormwater management systems must have an operation and maintenance plan to ensure that systems function as designed.

When the proposed discharge may have an impact upon a sensitive receptor, including streams, storm sewers, and/or combined sewers, the Wilbraham DPW may require an increase in these minimum requirements, based on existing stormwater system capacity.

2. Erosion Control Performance Standards

Projects must address the following design requirements for erosion and sediment control.
a. Minimize total area of disturbance;
b. Sequence activities to minimize simultaneous areas of disturbance;
c. Minimize peak rate of runoff in accordance with the MA Stormwater Management Policy;
d. Minimize soil erosion and control sedimentation during construction; prevention of erosion is preferred over sedimentation control;
e. Divert uncontaminated water around disturbed areas;
f. Maximize groundwater recharge;
g. Install, and maintain all erosion and sediment control measures in accordance with the manufacturer's specifications and good engineering practices;
h. Prevent off-site transport of sediment;
i. Protect and manage on and off-site material storage areas (overburden and stockpiles of dirt, borrow areas, or other areas used solely by the permitted project are considered a part of the project);
j. Comply with all applicable Federal, State and local laws and regulations, including but not limited to, waste disposal, sanitary sewer or septic system regulations, and air quality requirements, including dust control;
k. Prevent adverse impact from the proposed activities to habitats mapped by the Massachusetts Natural Heritage & Endangered Species Program as Estimated Habitats of Rare Wildlife and Certified Vernal Pools, and Priority Habitats of Rare Species;
l. Institute interim and permanent stabilization measures. The stabilization measures shall be instituted on a disturbed area as soon as practicable but no more than 14 days after construction activity has temporarily or permanently ceased on that portion of the site;
m. Properly manage on-site construction and waste materials; and
n. Prevent off-site vehicle tracking of sediments.

3. Criteria for Review of Local Stormwater Management Permit Applications

The Wilbraham DPW shall review each application to determine its conformance with the provisions of this section. The Wilbraham DPW shall review the permit application and issue a decision within 21 municipal business days after receiving an application. This timeframe may be extended at the sole discretion of the Wilbraham DPW if it requires additional information. Upon completion of the review, the Wilbraham DPW shall issue, in writing:

1) The Local Stormwater Management Permit based upon determination that the proposed plan meets the purposes in Section A and the standards in Section F and will adequately protect the water resources of the community and is in compliance with the requirements set forth in this By-Law;

2) Approval of the Local Stormwater Management Permit subject to any conditions, modifications or restrictions required by the Wilbraham DPW to meet the purposes in Section A and the standards in Section F to adequately protect water resources, set forth in this By-Law; and

3) Disapproval of the Local Stormwater Management Permit based upon a determination that the proposed plan, as submitted, does not meet the purposes in Section A and the standards in Section F or adequately protect water resources, as set forth in this By-Law.
SECTION G.    INSPECTIONS

When any new drainage control facility is installed on private property, or when any new connection is made between private property and a public drainage control system or sanitary sewer, the filing of an application shall be deemed as the property owner’s permission to the Wilbraham DPW, or their agents for the right to enter the property at reasonable times and in a reasonable manner for the purpose of the inspection. This includes the right to enter a property when the Wilbraham DPW has a reasonable basis to believe that a violation of this By-Law is occurring or has occurred, and to enter when necessary for abatement of a public nuisance or correction of a violation of this By-Law.

The applicant shall notify the Wilbraham DPW within 48 hours prior to the following activities. At its discretion, the Wilbraham DPW may enter the property to observe these activities:

a) Installation of erosion and sediment control measures;
b) Site clearing;
c) Installation of permanent stormwater structures prior to backfilling of any underground drainage
d) or stormwater conveyance structures; and
e) Construction completion: Contractor shall notify Wilbraham DPW in writing when all work, including construction of stormwater management facilities and landscaping, has been completed and the site is stabilized. For all major projects, the NPDES Notice of Termination must also be filed with EPA and a copy provided to the Wilbraham DPW prior to final inspection or issuance of Certificate of Completion.

The applicant shall submit an “as-built” plan for the stormwater controls after the final construction is completed. The plan must show the final design specifications of all stormwater management controls and Wilbraham DPW may require the plan be prepared by a professional engineer. The as-built plan shall be submitted digitally in accordance with Wilbraham Engineering Department standards, or a conversion fee shall be required. Wilbraham DPW shall issue a Certificate of Completion once all requirements have been met.

The person responsible for implementation of the plan shall make regular inspections of all control measures in accordance with the inspection schedule outlined in the approved SWPPP. The purpose of such inspections shall be to determine the overall effectiveness of the control plan and the need for additional control measures. All inspections shall be documented in written form, maintained on site, and made available at the Wilbraham DPW’s request. Such records shall be maintained by the applicant for at least 3 years from the day of final inspection.
SECTION II. MAINTENANCE REQUIREMENTS

1. Operation, Maintenance and Inspection Agreement

The agreement shall be designed to ensure that water quality standards are met in all seasons and throughout the life of the system. Such agreement shall provide for access to the facility at reasonable times for regular inspections by the Wilbraham DPW, or its designated representative, and for regular or special assessments to property owners after costs of operation, maintenance and inspection to ensure that the facility is maintained in proper working condition to meet design standards and any conditions set forth in the permit. The agreement shall include:

Amendments must be in writing and signed by all Responsible Parties. Responsible Parties must include owner(s), persons with financial responsibility, and persons with operational responsibility.

b. The agreement shall also provide that, if satisfactory corrections are not made by the owner(s) within thirty days of notice by the Wilbraham DPW, or designated representative, to correct a violation requiring maintenance work, the Town may perform or contract all necessary work to place the facility in proper working condition. The owner(s) of the facility shall be assessed the cost of the work and any penalties. If the costs are not paid, the Town may place a lien on the property or use available secured funds from bond provided.

2. Maintenance Responsibility

SECTION I. PERFORMANCE BOND

The Town or its agents may require from the developer a surety or cash bond or other means of security acceptable to the Town prior to the issuance of any building permit for the construction of a development requiring a stormwater management facility. The bond so required in this section shall include provisions relative to forfeiture for failure to complete work specified in the approved stormwater management plan, compliance with all of the provisions of this By-law and other applicable laws and regulations, and any time limitations. The company providing the performance bond to the developer shall submit a bond of the highest grade as rated by Moody’s or Standard and Poor’s.

A Certificate of Completion signed by the Town, submission of “as-built” plans, and the Town’s final inspection is required prior to full release of the bond.

1. Violations

Any development activity that has commenced or is conducted contrary to this By-Law may be restrained by injunction or otherwise abated in a manner provided by law.

2. Notice of Violation

When the Town determines that an activity is not being carried out in accordance with the requirements of this By-Law, it shall issue a written notice of violation to the owner of the property. Failure to maintain proper maintenance and installation records shall constitute a violation of this By-Law.

The notice of violation shall contain:
   a. the name and address of the owner applicant;
   b. the address when available or the description of the building, structure, or land upon which the violation is occurring;
   c. a statement specifying the nature of the violation;
   d. a description of the remedial measures necessary to bring the development activity into compliance with this By-Law and a time schedule for the completion of such remedial action; and
   e. a statement of the penalty or penalties that shall or may be assessed against the person to whom the notice of violation is directed.

3. Stop Work Orders

Persons receiving a notice of violations will be required to halt all construction activities. This “stop work order” will be in effect until the Town confirms that the development activity is in compliance and the violation has been satisfactorily addressed. Failure to address a notice of violation in a timely manner can result in civil, criminal, or monetary penalties in accordance with the enforcement measures authorized in this By-Law.

4. Non-Criminal Disposition

As an alternative to criminal prosecution or civil action, the Town may elect to utilize the non-criminal disposition procedure set forth in the non-criminal disposition procedure in Mass. Gen. Laws, Chapter 40, Section 21D or in the Town General By-laws § 103A. The Wilbraham DPW shall be the enforcing entity. The penalty shall be three hundred ($300.00) dollars per day. Each day or part thereof that such violation occurs or continues shall constitute a separate offense. If action is not taken by the property owner within seven days, this shall become a civil or criminal penalty.
5. Criminal and Civil Penalties

Notwithstanding anything to the contrary in the foregoing sections of this By-Law any person who violates any provision of this By-Law, valid regulation, or the terms or conditions in any permit or order prescribed or issued thereunder, shall be subject to a fine for each day such violation occurs or continues or subject to a civil penalty which may be assessed in an action brought on behalf of the Town in any court of competent jurisdiction.

6. Restoration of Lands

Any violator may be required to restore land to its undisturbed condition. In the event that restoration is not undertaken within a reasonable time after notice, the Town will take necessary corrective action, the cost of which shall become a lien upon the property until paid.

7. Severability

If any provision, paragraph, sentence, or clause, of this By-Law shall be held invalid for any reason, all other provisions shall continue in full force and effect.

STORMWATER PHASE II COMPREHENSIVE BY-LAW

The DPW may promulgate rules and regulations to effectuate the purpose of this By-Law. Failure by the DPW to promulgate such rules and regulations shall not have the effect of suspending or invalidating this By-Law.
3. **Prohibited Activities**

**Illicit Discharges** – No person shall dump, discharge, cause or allow to be discharged any pollutant or non-stormwater discharge into the storm drain system, into a watercourse, or into waters of the United States and/or Commonwealth.

**Illicit Connections** – No person shall construct, use, allow, maintain or continue any illicit connection to the municipal storm drain system, regardless of whether the connection was permissible under applicable law, regulation or custom at the time of connection.

**Obstruction of the Municipal Storm Drain System** – No person shall obstruct or interfere with the normal flow of stormwater into or out of the municipal storm drain system without prior approval from the DPW.

**SECTION D. EXEMPTIONS**

1. **Exemptions**

Discharge or flow resulting from firefighting activities and DPW ice and snow control operations shall not constitute illicit discharge within the meaning of this By-Law or pertinent federal, state, or local laws.

The following non-stormwater discharges or flows are considered exempt provided that the source is not a significant contributor of pollution to the municipal storm drain system:

   a. waterline flushing;
   b. flow from potable water sources;
   c. springs;
   d. natural flow from riparian habitats and wetlands;
   e. diverted stream flow;
   f. rising groundwater;
   g. uncontaminated groundwater infiltrating as defined in 40 CFR 35.2005(20), or uncontaminated pumped groundwater;

   n. dye testing, provided verbal notification is given to the DPW prior to the time of the test;
   o. discharge or flow resulting from firefighting activities

Protection Agency, provided that the discharge is in full compliance with the
requirements of the permit, waiver, or order and applicable laws and regulations; and
q. discharge for which advanced written approval is received from the DPW as
necessary to protect public health, safety, welfare, and the environment.

SECTION F. ENFORCEMENT AND PENALTIES

1. Emergency Suspension of Storm Drainage System Access

The DPW may suspend municipal storm drain system access to any person or property without
prior written notice when such suspension is necessary to stop an actual or threatened discharge
of pollutants that presents imminent risk of harm to public health, safety, welfare or the
environment. In the event any person fails to comply with an emergency suspension order, the
Authorized Enforcement Agency may take all reasonable steps to prevent or minimize harm to
the public health, safety, welfare, or the environment.

2. Notification of Spills

Any spills or releases that require notification under local, state or federal law will be the
responsibility of the person responsible for a facility or operation, or for an emergency response
for a facility or operation (e.g., construction). In the event of a spill or release which may result
in a discharge of pollutants or non-stormwater discharge to the municipal storm drain system,
waters of the United States, and/or waters of the Commonwealth, the responsible parties,
potentially responsible parties, or any person or persons managing a site or facility shall take all
necessary steps to ensure containment, and remediate any municipal storm drains that have been
impacted. However, if in the opinion of DPW, there is an excessive amount of pollutants in the
stormdrain system, the DPW can require remediation by the responsible party regardless of other
state or federal regulations. If the discharge of prohibited materials is from a commercial or
industrial facility, the facility owner or operator of the facility shall take all necessary steps to
ensure containment, clean-up of the release, retain on-site a written record of the discharge, and
the actions taken to prevent its recurrence. Such records shall be retained for at least three years.
3. **Enforcement**

   **Non-Criminal Disposition**

A. As an alternative to criminal prosecution or civil action, the Town may elect to utilize the non-criminal disposition procedure set forth in the non-criminal disposition procedure in Mass. Gen. Laws, Chapter 40, Section 21D or in the Town General By-laws 103A. The Wilbraham DPW shall be the enforcing entity. The penalty will be three hundred dollars ($300) per day each day or part thereof that such violation occurs or continues shall constitute a separate offense. If action is not taken by the property owner within seven days, this shall become a civil or criminal penalty.

   **Criminal and Civil Penalties**

B. Notwithstanding anything to the contrary in the foregoing sections of this By-Law any person who violates any provision of this By-Law, valid regulation, or the terms or conditions in any permit or order prescribed or issued thereunder, shall be subject to a fine for each day such violation occurs or continues or subject to a civil penalty which may be assessed in an action brought on behalf of the Town in any court of competent jurisdiction.

C. The DPW or an authorized agent of the DPW shall enforce this By-Law, regulations, orders, violation notices, and enforcement orders, and may pursue all civil and criminal remedies for such violations.

   a. **Civil Relief** – If a person violates the provisions of this By-Law, regulations, permit, notice, or order issued thereunder, the DPW may seek injunctive relief in a court of competent jurisdiction restraining the person from activities which would create further violations or compelling the person to perform abatement or remediation of the violation.

   b. **Orders** – The DPW or an authorized agent of the DPW may issue a written order to enforce the provisions of this By-Law or the regulations thereunder, which may include:

D. elimination of illicit connections or discharges to the MS4;

E. performance of monitoring, analyses, and reporting;

F. cessation of unlawful discharges, practices, or operations;

G. remediation of contamination in connection therewith.

H. If the authorized enforcement agency determines that abatement or remediation of contamination is required and is the responsibility of the property owner, the order shall set forth a deadline by which such abatement or remediation must be completed. Said order shall further advise that, should the violator or property owner fail to abate or perform remediation within the specified deadline, the Town may, at its option, undertake such work, and expenses, trebled, shall be charged to the violator.
I. Within thirty (30) days after completing all measures necessary to abate the violation or to perform remediation, the violator and the property owner will be notified of the costs incurred by the Town, including administrative costs. The violator or property owner may file a written protest objecting to the amount or basis of costs with the DPW within thirty (30) days of receipt of the notification of the costs incurred. If the amount due is not received by the expiration of the time in which to file a protest or within thirty (30) days following a decision of the DPW affirming or reducing the costs, or from a final decision of a court of competent jurisdiction, the costs shall become a special assessment against the property owner and shall constitute a lien on the owner’s property for the amount of said costs. Interest shall begin to accrue on any unpaid costs at the statutory rate provided in Mass. Gen. Laws, Chapter 59, Section 57 after the thirty-first day at which the costs first become due.

   a. **Entry to Perform Duties under this By-Law** – To the extent permitted by state law, or if authorized by the owner or other party in control of the property, the Wilbraham DPW, its agents, officers, and employees may enter upon privately owned property for the purpose of performing their duties under this By-Law and may make or cause to be made such examinations, surveys or sampling as the DPW deems reasonably necessary.

   b. **Appeals** – The decision or orders of the Wilbraham DPW shall be final. Further relief shall be to a court of competent jurisdiction.

   c. **Remedies not Exclusive** – The remedies listed in this By-Law are not exclusive of any other remedies available under any applicable federal, state or local law.

4. **Severability**

If any provision, paragraph, sentence, or clause, of this By-Law shall be held invalid for any reason, all other provisions shall continue in full force and effect.

SECTION 639  DROUGHT MANAGEMENT PLAN  
(ATM, 05/14/18, Art. 51)

The Town of Wilbraham has developed a Drought Management Plan to serve as the guide for response to droughts and extended periods of dry weather. The Plan defines action levels, with appropriate levels of response, given the severity of the situation. The Town of Wilbraham’s Drought Management Plan is based on the MWRA’s (Massachusetts Water Resources Authority) recommended levels, since Wilbraham is a fully supplied MWRA community.

The MWRA’S Drought Management Stages are based on the levels of the Quabbin Reservoir, shown as a percentage of a completely full reservoir. The Town of Wilbraham’s drought responses are divided into six phases described below, based on the respective level of the Quabbin Reservoir, shown in Table 1. Reservoir level and drought condition status information is provided on the MWRA website and upon request from the MWRA.

SECTION 640  DOOR TO DOOR SOLICITORS AND PEDDLERS  
(AMT, 5/13/19, Art. 46)  

a.) Purpose - It is the purpose of this by-law to regulate persons or organizations engaged in soliciting or peddling in the Town of Wilbraham through the issuance of licenses and imposition of other limitations on such conduct for the purpose of protecting the Town’s residents from disruption of the peaceful enjoyment of their residences and from crime and fraud, and further, to allow reasonable access to residents in their homes by persons or organizations who wish to engage in commercial solicitation.  

b.) Definitions - Solicitor or peddler is defined as any individual, whether a resident of the Town of Wilbraham or not, traveling either by foot, motor vehicle, or any other type of conveyance from place to place, house to house, taking or attempting to take orders for sale of goods, wares, merchandise, personal property of any nature for immediate or future delivery or for services to be furnished or performed immediately or in the future whether or not he or she collects advance payments on such sales.  

c.) License Required - It shall be unlawful for any solicitor or peddler as defined in this by-law to engage in such business in the Town of Wilbraham without first obtaining a license in compliance with the provisions of this by-law. Any person who is not properly licensed under this by-law shall be ordered to immediately cease and desist all solicitation in the town until they attain a proper license.  

d.) License Exemption - Nothing in this by-law shall be construed to impose any license requirement or otherwise restrict or in any way regulate any activity for non-commercial purposes, including but not limited to any activity for religious, charitable, civic or political purposes, regardless of whether such activity includes acts that would otherwise constitute soliciting.  

e.) Application and Fee - Each individual applicant for a license under this by-law shall submit in person to the Chief of Police or his/her designee an application along with a fee of $25.00 (per individual applicant) payable to the Town of Wilbraham which will be used to cover the cost of investigating the facts stated in the application. Each applicant must complete a sworn application in writing at least ten (10) working days prior to the requested starting date for solicitation, on a form provided by the Police Department. Said form shall include the following information:  

1. Name and physical description;  
2. Date of birth;  
3. Permanent home address as well as full local address of the applicant;  
4. A brief description of the nature of the business and/or goods to be sold;  
5. If employed, name and address of employer, including credentials which establish the exact relationship;  
6. The length of time for which the license is desired (not to exceed one year);  
7. Names of manufacturer, of source of merchandise, proposed method of delivery;  
8. Two photographs of the applicant, taken within the past sixty (60) days prior to filing of the application, showing only the head and shoulders of the applicant in a clear and distinguishing
manner; The police department may require that applicants have a digital photo taken of them by the police department at the time the application is filed.

9. A statement as to whether or not the applicant has been convicted of any crime listed in the “Investigation and Issuance” section of this by-law or is a Level 2 or Level 3 Sex Offender required to register with the Massachusetts Sex Offenders Registry Board.

f.) Investigation and Issuance - If after an investigation into the facts contained in the license application the Police Chief is satisfied the applicant is of suitable character consistent with this by-law, the Police Chief, or his designee shall grant the required license. The Police Chief or his designee shall refuse to issue a license to any organization or individual whose license have been revoked for violation to this by-law within the previous two-year period or who has been convicted of murder/manslaughter, rape, robbery, arson, burglary/breaking and entering, felony assault, or any larceny offense that is a felony, as such persons pose a substantial degree of dangerousness to minors and other persons vulnerable to becoming victims of the violent crimes so listed. The Police Chief shall also refuse to grant a license to a person who is a sex offender required to register with the Massachusetts Sex Offenders Registry Board and who is finally classified as Level 2 or Level 3 Sex Offender, as such persons have been found to have a moderate to high risk of re-offense and pose a substantial degree of dangerousness to minors and other persons vulnerable to becoming victims of sex crimes. The Town shall not make an adverse determination based on criminal history or sex offender status without first notifying the applicant of the potential adverse determination. The Town shall provide the applicant with information regarding the source of the criminal history or sex offender status. The Town shall identify the part of the history which appears to make the applicant unsuitable. The Town shall afford the applicant the opportunity to dispute the accuracy of the criminal history or sex offender status or otherwise present to the town any mitigating or other circumstances bearing on the history.

Persons engaged in solicitation or peddling as defined in this By-law must display the registration card while soliciting or peddling and present the card to any police officer, authorized enforcing agent, or person solicited upon request.

h.) Duty of Police to Enforce - It shall be the duty of any police officer of the Town to require any person seen soliciting or peddling and who is not known by such officer to be duly licensed, to produce his or her solicitor’s license and to enforce the provisions of this by-law against any person found to be violating the same.

i.) Records - The Chief of Police shall maintain all pertinent records of licenses issued and violations recorded.

j.) Enforcement and Penalties - The provisions of this by-law may be enforced by the Board of Selectmen, Zoning Enforcement Officer, or any Police Officer of the Town of Wilbraham by any available means in law or equity, including but not limited to enforcement by non-criminal disposition pursuant to Section 21D of Chapter 40 of the General Laws and
appropriate articles of the General By-laws. Each day on which a violation exists shall be
deemed to be a separate offense. The penalty for each violation shall be $300.00.

Whoever continues to solicit in the town in willful violation of this by-law, by continuing
to solicit after being informed by an authorized enforcing agent to cease and desist shall be
subject to a penalty of $300.00.

Notwithstanding the above licensing procedures, no licensee may enter private property after
being forbidden to do so either directly by the person in charge of the property or by a
conspicuously posted notice of “No Trespassing” or “No Soliciting”.

After investigation by a police officer, licenses issued under the provisions of this by-law
may be revoked by the Chief of Police or his designee after notice and hearing, provided
however, that a license may be suspended immediately, without notice and a hearing, if the
public safety or welfare so requires for any of the following causes:

1. Fraud, misrepresentation, or false statement contained in the license application,
2. Fraud, misrepresentation or false statements made in the course of carrying on the business of
   solicitation;

to constitute a breach of the peace, or to constitute a menace to health, safety, or the general
welfare of the public, and
6. High-pressure tactics, harassment, or a refusal to accept a refusal as an answer, when verified
in writing.

If a license is suspended or revoked under the provisions of this section, notice of a hearing with
regard to the same shall be given forthwith in accordance with the following subsection.

k.) Appeals and Hearings

1. Denials: Any person or organization who is denied a license may appeal by filing a written
notice of appeal with the Board of Selectmen. Such appeal must be filed within five (5) days
after receipt of the notice of denial. The Board of Selectmen shall hear the appeal at its next
scheduled meeting after the filing of the written notice of appeal. If the notice of appeal is
received by the selectmen less than 72 hours before their next meeting, the appeal may be
scheduled for the following meeting. Saturdays, Sundays, and legal holidays shall not count
towards this 72 hour period. If the Board of Selectmen fails to make a determination regarding a
denial of a license within thirty (30) days after receiving the notice of appeal, the license shall be
deemed granted.

2. Suspension or Revocation: Notice of hearing for revocation or suspension of a license shall be
given forthwith in writing, setting forth specifically the grounds of the complaint and a time and
place of the hearing. Such notice shall be hand delivered to the licensee or forwarded by certified
mail to the licensee at his or her last known address at least five days prior to the hearing date. If
the Board of Selectmen fails to make a determination regarding a suspension or revocation of a
license within thirty (30) days after the licensee receives a notice, the license shall be deemed
reinstated.
1.) Expiration of License - All licenses for soliciting in the town are valid only for
the particular dates specified thereon, and in no case for longer than one year.

m.) Severance Clause - The provisions of this by-law are declared to be severable, and
if any section, sentence, clause or phrase of this by-law shall for any reason be held to be invalid
or unconstitutional, such decision shall not affect the validity of the remaining section, sentences,
clauses and phrases of this by-law and they shall remain in effect, it being the legislative intent
that this by-law shall stand, notwithstanding the invalidity of any part.

b.) The Board of Selectmen is hereby authorized to prohibit, temporarily, parking on any street or highway or part thereof in an impending or existing emergency, or for a lawful assemblage, demonstration or procession provided there is a reasonable justification for such prohibition. Vehicles parked in places where parking is prohibited temporarily may be moved by or under the direction of an officer.

c.) The provisions of this By-Law shall not apply to persons actually engaged in work upon a street closed to travel, under construction or repair, to officers when engaged in the performance of public duties, nor to drivers of emergency vehicles acting in the performance of their public duties when the nature of the work of any of these persons necessitates a departure from any part of these By-Laws. These exemptions shall not, however, protect the driver of any vehicle from the consequences of a reckless disregard of the safety of others.
SECTION 702 SIGNS ON STREETS

a.) The Director of Public Works is hereby authorized and as to those signs and signals required hereunder, it shall be his duty to place and maintain or cause to be placed and maintained all official traffic signs, signals, markings and safety zones. All signs, signals, markings and safety zones shall conform to the standards as prescribed by the Department of Public Works of the Commonwealth of Massachusetts.

b.) Sections relating to parking shall be effective only during such time as a sufficient number of official signs are erected and maintained in each block designating the provisions of such sections and located so as to be easily visible to approaching drivers.

SECTION 703 UNAUTHORIZED SIGNS

It shall be unlawful for any person to place or maintain or to display upon or in view of any street any unofficial sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic sign, signal, marking or device, or which attempts to direct the movement of traffic or which hides from view any official sign or signal. The Chief of Police is hereby empowered to remove every such prohibited sign, signal, marking or device or cause it to be removed without notice. The penalty for violation of this By-Law shall be a fine of fifty dollars ($50).

SECTION 705 MOVEMENT OF VEHICLES (ATM, 5/16/16, Art. 51)

a.) Obedience to Traffic Instructions. No driver of any vehicle shall disobey the instructions of any official traffic control signal, sign, marking, marker or legend, unless otherwise directed by a police officer.

b.) Following too closely. The driver of a vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard to the speed of such vehicle and the traffic upon and condition of the street or highway.

c.) Care in starting, stopping, turning or backing. The driver of any vehicle, before starting, stopping, turning from a direct line or backing, shall first see that such movement can be made in safety. If such movement cannot be made in safety or if it interferes unduly with the normal movement of other traffic, such driver shall wait for a more favorable opportunity to make such movement. If the operation of another vehicle should be affected by a stopping or turning movement, the driver of such other vehicle shall be given a plainly visible signal, as required by statute law.
d.) **Emerging from alleys or private driveways.** The operator of a vehicle emerging from an alley, driveway or garage shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alleyway or driveway.

g.) **Driving on Sidewalk.** The driver of a vehicle shall not drive upon any sidewalk except at a permanent or temporary driveway. The provisions of this section shall not apply to persons actually engaged in work upon a sidewalk closed to travel, under construction, under repair, snow removal, to drivers of United States Postal Service vehicles, to officers engaged in the performance of public duties, nor to drivers of emergency vehicles acting in the performance of their public duties when the nature of the work of any of these persons necessitates a departure from any part of this section.
