MILITARY LEAVE POLICY

A) READY RESERVE/TEMPORARY MILITARY TRAINING:

This policy is adopted pursuant to and in accordance with the General Laws of Massachusetts, Chapter 149, Section 52A and provides certain protections to all non-temporary town employees who as a member of an Organized Unit of Ready Reserve are called to temporary military training.

~~Employees are eligible to receive paid leave not to exceed seventeen (17) days in a calendar year, compensated at their regular rate of pay, less any military pay received for said leave. not affect the employee's right to receive normal vacation, sick leave, bonus, advancement and other advantages of employment normally to be anticipated in her/his particular position.

B) ACTIVE MILITARY DUTY:

This policy is adopted pursuant to and in accordance with the provisions of the Uniformed Services Employment and Re-employment Rights Act (USERRA). USERRA applies to any employee absent from work because of "services in the uniformed services". In general, that means the employee is engaged in voluntary or involuntary duty in a uniformed service, including active and inactive duty. "Uniformed Services" is defined broadly to include the Army, Navy, Air Force, Marines, Coast Guard, Army National Guard and Air National Guard and provides re-employment, health benefits and retirement benefits. ~~of activated employees.~~ By statute, Public Employees called to active duty are "deemed to have been granted leave without pay".

Notice Requirement:

An employee is required to provide the town with advance written or oral notice of his or her service obligations to be entitled to USERRA re-employment rights and benefits. Written notice typically consists of a copy of an employee's military orders, training notices, or induction information. In extraordinary circumstances, where notice is impossible or unreasonable, the notice requirement may be waived.

Re-Employment Rights:

Re-Employment Rights depend on how long the employee has been in military service:

- (a) if less than 31 days – the returning employee must seek re-employment no later than the beginning of the first full work period on the first full calendar day following completion of service;
- (b) if 30 days but less than 181 days – the returning employee must seek re-employment no later than 14 days following the end of service;
- (c) if more than 180 days – the returning employee must seek re-employment no later than 90 days after discharge;
- (d) if injured during military service – the employee has up to two (2) years to apply for re-employment;

Job Rights:

If the military service was less than 91 days, the returning employee must be re-employed in the position that the employee would have had in the absence of military leave.

Discharge:

- (a) if the military service was more than 30 days but less than 181 days – the employee is protected from discharge without cause for six (6) months following re-employment;

- (b) if the military service was for more than 180 days – the employee is protected from discharge without cause for one (1) year following re-employment.

Insurance Benefits:

Insurance Benefits will continue for the employee on military leave. The employee will be responsible to make timely payments of the portion of the monthly premium he or she would otherwise have deducted from her/his salary.

An employee called to military duty for more than 30 days is eligible for military health and medical coverage. Their families are also covered. Coverage is only for the period that the reservist is on active duty. Under the military program, there is a coordination of benefits when an individual has dual coverage, with the employer's plan being the primary provider.

Where the employee did not continue coverage during military service, the employee, upon re-employment, must receive coverage without any exclusion or waiting period.

Retirement:

An employee who is reinstated after a military leave of absence receives credit in the retirement system for the period of leave. Upon reinstatement the employee pays into the retirement system the amount the employee would have paid had his/her employment not been interrupted by military service.

PROGRESSIVE DISCIPLINE

The purpose of this policy is to state the Town of Wilbraham's position on administering equitable discipline for unsatisfactory conduct in the workplace. The best disciplinary measure is the one that does not have to be enforced and comes from good leadership and fair supervision at all employment levels.

The Town's own best interest lies in ensuring fair treatment of all employees and in making certain that disciplinary actions are prompt, uniform, and impartial. The major purpose of any disciplinary action with respect to minor or less serious infraction is to correct the problem, prevent recurrence, and prepare the employee for satisfactory service in the future.

Although employment of employees who are not covered by a bargaining agreement or personal employment contract with the Town of Wilbraham, is based on mutual consent and both the employee and the Town have the right to terminate employment at will, with or without cause or advance notice, the Town may use progressive discipline at its discretion.

Disciplinary action may call for any of four steps -- verbal warning, written warning, suspension with or without pay, or termination of employment -- depending on the severity of the problem and the number of occurrences. There may be circumstances when one or more steps are bypassed.

Progressive discipline means that with respect to most disciplinary problems, these steps will normally be followed: a first offense may call for a verbal warning; a next offense of the same or of a different nature may be followed by a written warning; another offense may lead to a suspension; and, still another offense may then lead to termination of employment. Progressive discipline steps are appropriate in cases of minor offenses or infractions or infractions of a less serious nature.

The Town recognizes that there are certain types of employee problems that are serious enough to justify either a suspension, or, in extreme situations, termination of employment, without going through the usual progressive discipline steps.

While it is impossible to list every type of behavior that may be deemed a serious offense, the Employee Conduct and Work Rules policy includes examples of problems that may result in immediate suspension or termination of employment.

SEAT BELT POLICY, HELMET POLICY

Seat Belts:

All occupants of vehicles owned or leased by the Town of Wilbraham shall fasten their seat belts upon entering their vehicle and shall keep them properly fastened as long as the vehicle is in motion.

It is the policy of the Town of Wilbraham that no employee shall ride outside the passenger compartment of a vehicle. All individuals in town-owned vehicles must be seated inside and wear seatbelts. There will be NO exceptions to this policy. This policy will be rigorously enforced. Failure to comply may result in disciplinary action up to and including dismissal.

Helmet Use:

It is the policy of the Town of Wilbraham that helmets are required when riding a motorcycle or bicycle on town business.

Occupants of privately owned vehicles while engaging in town related business are hereby directed to abide by the above stated policies. We encourage you to use belts and helmets on your own time as well because we value you and want you to be safe at all times.

After the initial date of hire, employees may request use of up to three (3) days of sick leave after completing a waiting period of 90 calendar days.

For employees who have been promoted from a union position to a non-union position, paid leave benefits will apply according to the contract provisions in effect at the time of the promotion. (Board of Selectmen, March 21, 2016)

Sick leave benefits will be calculated based on the employee's base pay rate at the time of absence and will not include any special forms of compensation, such as incentives, commissions, bonuses, or shift differentials.

Unused sick leave benefits will be allowed to accumulate until the employee has accrued a total

of 180 calendar days sick leave benefits. If the employee's benefits reach this maximum, further accrual of sick leave benefits will be suspended until the employee has reduced the balance below the limit.

If an employee who has accrued 75 days of sick benefit or more and does not use any sick time for six (6) consecutive months of active employment he/she will be accredited one (1) additional personal day.

If the employee fails to give notice within this time frame, the Town will budget for the expense with the next following budget cycle and make payment in full with the first warrant of the next fiscal year.

Conditions:

Sick leave benefits are intended solely to provide income protection in the event of illness or injury, and may not be used for any other absence. The Town reserves the right to investigate patterns of sick leave use which indicate possible abuse of the sick leave benefit.

Employees who are unable to report to work due to illness or injury should notify their direct supervisor before the scheduled start of their workday if possible. The direct supervisor must also be contacted on each additional day of absence.

If an employee is absent for five or more consecutive days due to illness or injury, a physician's statement must be provided verifying the disability and its beginning and expected ending dates. Such verification may be requested for other sick leave absences as well and may be required as a condition to receiving sick leave benefits.

As an additional condition of eligibility for sick leave benefits, an employee on an extended absence must apply for any other available compensation and benefits, such as workers' compensation. Sick leave benefits will be used to supplement any payments that an employee is eligible to receive from workers' compensation. The combination of any such disability payments and sick leave benefits cannot exceed the employee's normal weekly earnings.

Before returning to work from a sick leave absence of five calendar days or more, an employee must provide a physician's verification that he or she may safely return to work.

Dependent Sick Leave:

Paid sick leave can be used in minimum increments of one-half hour. Eligible employees may use sick leave benefits for absence due to their own illness or injury. However, an employee may utilize up to five (5) accrued sick leave days per fiscal year to care for a family member if all accrued personal days and any vacation days in excess of four (4) weeks have been exhausted.

VACATION BENEFITS

Employees may carry up to ten days of previously accrued vacation into the next fiscal year provided that the employee has used ten days (or all available time if less than ten days) of vacation during the previous fiscal year. Any vacation time over ten days which has not been used by June 30 will not be added to the July 1 benefit accrual records.

Employees on medical leave covered by Workers' Compensation or compensated under MGL Chapter 41 Section 111F shall accrue vacation for a maximum of twelve (12) months of such leave.

An employee's benefit year may be extended for any significant leave of absence. Military leave has no effect on this calculation. (See individual leave of absence policies for more information.)

Paid vacation can be used in minimum increments of one half workday. To take vacation, employees should request advance approval from their supervisors. Department Directors should notify the Town Administrator well in advance. Requests will be reviewed based on a number of factors, including seniority and staffing requirements.
